

10 April 1961

MEMORANDUM FOR THE RECORD

1. Pursuant to a request from [redacted], I called a Miss Rosoler STAT extension 2361, State Department. [redacted] indicated that she had called the Director's office asking for whoever in the Agency had the action on the letter by the Acting Secretary of the Treasury regarding gold held abroad by U.S. citizens and resident U.S. aliens.

2. Miss Rosoler identified herself as speaking for the International Finance Division of the State Department. She said a meeting of all recipients of Mr. Leddy's letter would be called in the near future, probably the end of this week.

3. I pointed out that the Agency's suggested reply had been completed but that I had no information who would be assigned the responsibility for following the matter. In any event, I gave her my name and telephone number. Presumably, she will indicate the time and place of the projected State meeting.
